

TURKS & CAICOS Islands

BEAUTIFUL BY NATURE

FOR THE PERFECT WEDDING OR HONEYMOON

MAKE YOUR DREAM COME TRUE ON THE ISLANDS WHERE DREAMS ARE REALITY

A Turks and Caicos wedding is the dream-come-true way to tie the knot, especially for a couple with friends and relatives scattered around the country, or the world. Be as traditional or as eclectic and interdenominational as your heart moves you.

Our experienced wedding planners will hold your hand from start to finish, so you keep your mind and heart on the magic moment to cherish, and not on the planning details. Many of our hotels also offer the ambiance, catering and other services which make up an unforgettable wedding or honeymoon.

*Tie the knot in church,
on the beach ... or even underwater!*

THE LEGAL PROCESS IS QUICK AND EASY

Legally Speaking

The couple must submit a formal application for marriage and declaration of personal data, along with a notarized affidavit with proof of no prior marriage. Those not marrying for the first time must provide proof of divorce. Widows or widowers must present the death certificate of the deceased spouse. Photo IDs must be presented and a notarized copy of each document left behind in the country. The entire process takes 2 to 3 working days. Expect to receive a legal marriage certificate back home in 6-8 weeks.

CHOOSE THE
CEREMONY THAT
FITS YOUR IMAGINATION

*Your lifetime vows...
barefoot in white powder sand*

The Ceremony

Unless the couple marries at home and visits us just for the honeymoon, there are numerous venues and presiding officials to choose from. Single or multidenominational; religious or secular; on the beach or in a church; an intimate traditional garden or private terrace; formal or informal; the options are limited only by your imagination.

DELICACIES
CREATED FOR EVERY
TASTE AND BUDGET

*Your friends and family
will live a moment
as unforgettable as yours*

The Party

We have wedding planners, hotels and other caterers to serve parties of any size. Choose a casual traditional West Indian buffet, or the finest formal Continental cuisine served beachside, and every moment of this special occasion can be captured by our expert wedding photographers and videographers.

Accommodation

An island destination wedding can accommodate all the luxury, romance and scenic beauty imaginable, with no compromise on friend and family togetherness. Celebrate your commitment to each other with us, and your friends and family will have an unforgettable experience almost as special as yours.
